About Me

I am a hardworking, self-motivated and diligent individual keen to further my career within IT and Software Development. Through my experience as a retail manager, I have shown outstanding leadership qualities, including working in a team, training and leading my team towards both company and individual success. I have strong customer service skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. I have recently graduated from CodeYourFuture. I am passionate about learning, I enjoy overcoming challenges in order to grow and further improve my IT skills. At present, I am looking for a position in a friendly yet dynamic company where I can demonstrate as well as further develop my customer service and IT skills.
